

NuVant EVc and EVd Partnership Program

It's more than just a warranty...

Every day your system is down, it costs your business. Have comfort knowing that your equipment is eligible for our extended warranty program that not only covers all parts and labor in the event of a claim, but we also provide free software and recipe updates, priority service, return shipping (US), discounts on accessories, and four free hours of EZ-time consulting for systems enrolled in the Partnership Program.

Plan for the Unplanned. Depend on Us.

Hardware Warranty

Customer Support and Training

Priority Service

Software Updates and Support

"Our Partnership Program was created with a single focus: to support you and your instrument no matter what challenges you come across on the job."

- Michael Cardone III, CEO A3 Global

The Partnership Program includes

- Parts and labor costs, to improve your budget planning
- Products sent back to the factory will skip to the front of the line with priority service
- Free software and recipe upgrades
- Four free hours per year of EZ-time consulting or additional training with our industry experts, including PhD-level electro-chemists, engineers and battery experts
- Discounts on accessories
- Return shipping included at no extra cost in the contiguous United States
- No deductibles or hidden costs
- Peace of mind
